SYNTHETIC DEMO CONTRACT — Website Development Agreement No. WD-2026-014

This is a fictional contract created for TermRail demonstrations and tests. It does not describe a real agreement between real parties.

Parties: Northwind Studio LLP (the Contractor) and Aster Logistics LLP (the Client).

1. Subject and price

The Contractor designs and develops a corporate website for the Client for a fixed price of 1,000,000 KZT. The price covers only the work listed in Section 2.

2. Scope of work (included)

- Home page with company overview and key services.
- About page describing the company history and team.
- Contacts page with address, phone number and an embedded map.
- Feedback form on the Contacts page that sends submitted messages to the Client's email address.
- Responsive layout for desktop and mobile browsers.
- Two rounds of design revisions for the agreed page layouts.

3. Exclusions (not included in the price)

The following work is not included in the price and requires a separate change order: online payments by card, a personal account (user registration and login area), integration with CRM systems, and content copywriting.

4. Acceptance

The Client reviews the delivered website within 5 business days. Acceptance is confirmed by a signed acceptance certificate.

5. Warranty

For 60 days after acceptance the Contractor fixes, free of charge, defects where delivered functionality does not work as described in Section 2.

6. Changes

Any additional work outside Section 2 is performed only on the basis of a written change order agreed by both parties, specifying the scope, price and timeline.
